

CHILDREN'S THERAPY SERVICES

COVID-19 PROTOCOLS AND PROCEDURES (revised 5/23/22)

1. All adults and children over 2 years of age will wear face coverings. Children 2 and under and children unable to tolerate masks are excluded.
2. Staff and clients will stop at sanitation station to sanitize hands thoroughly before going into therapy. Staff and clients will sanitize hands again before leaving therapy room.
3. Rounds of frequently touched surfaces (light switches, door handles, cabinet drawer handles, toilet handles, faucets, sinks, etc.), as well as refill of hand sanitizer, soap dispenser, disinfectant spray bottles, and paper towels will be conducted regularly.
4. Treatment rooms/gyms and all therapy materials/equipment will be regularly cleaned and sanitized
5. At the end of session, therapists will hold out different options of stickers and allow the child a choice of one by pointing at/naming the specific sticker.
6. HVAC with fans and two medical grade Air Purifiers will run in the clinic throughout the day.
